Comprehensive Risk Management, Employee Safety and Compliance Platform

Protect your company with RCM&D’s Risk Management Center, a comprehensive web-based suite of safety and risk management tools and resources designed to support your organization’s risk prevention strategy. The Risk Management Center helps you to design and implement custom risk mitigation programs to meet your organization’s specific needs across all departments and locations while promoting employee safety.

Improve Efficiency with Comprehensive and Cost-Effective Solutions

The Risk Management Center provides organizations with the ability to proactively manage risk exposures and develop effective workplace safety programs to reduce claims, losses and associated costs. Industry-leading safety and risk management content is provided through the ease of a web-based application, eliminating the need for multiple programs. The platform combines risk management and human resources. The Risk Management Library enhances your safety program with a multitude of bilingual safety and risk management resources, including policies, procedures, posters and training materials. The HR Library provides access to state and federal regulations as well as human resources tools and applications.
