Enhanced Bill Review Services

Each bill will be reviewed by a registered nurse to ensure accuracy in regards to common errors, including the location of the facility, coded services and supplies being charged. The RN will identify mark-ups and discrepancies between the medical reports received from the provider against the charges on the bills. A comprehensive review of these areas can help to contain overall costs.

Bill Processing Technology

In addition to our team auditing protocols, our state of the art bill processing system helps streamline the medical bill review process by identifying potential errors, flagging questionable charges, identifying duplicate and bundled charges, applying DRG and Medicare validation when applicable, routing bills to the proper fee schedules, and applying PPO discounts when applicable. Additionally, the system has been set with parameters to identify all state jurisdiction rules and regulations.
