

CUSTOMIZED SOLUTIONS FOR SOLAR ENERGY

An Evolving Industry

The solar industry continues to evolve. However, sometimes insurance brokers and carriers do not understand the intricacies of this expanding industry. More carriers come in and out of the solar market than any other industry vertical.

Our Solar Expertise

In response to this evolving industry, RCM&D created **Solar Risk**, our specialized and focused insurance and risk management team. We partner with leading solar carriers who understand your risk. RCM&D works with you to stabilize your insurance premiums while creating and expanding your safety culture. This allows you to focus on what matters: installing, developing, maintaining and supporting solar.

Premier Partner for CHESSA

RCM&D has over 135 years of experience in providing risk management, insurance solutions, employee benefits and surety programs. RCM&D is also the partner broker for the Chesapeake Energy Storage and Solar Association (CHESSA), providing education and insurance offerings to CHESSA members.
