

STUDENT ACCIDENT COVERAGE

Sports programs, field trips and other extracurricular activities all pose significant risks to students. On top of all these, educational institutions also face typical day-to-day operational risks.

RCM&D can help your institution mitigate this diverse set of risks and protect your student population in the event of an accident. Our knowledgeable staff can create customized solutions to fit your institution's unique risk profile. We are experienced in working with public and private institutions at all levels.

What is Student Accident Coverage?

This specialized coverage is designed to provide financial relief in the event of an unexpected student accident that results in injury or death. Plans offer immediate financial assistance and other necessary services to the accident victim and the victim's family members.

Plans can be designed for any type of accident injury, whether related to a school activity or simply everyday life.

Why Student Accident Coverage?

Today, students face a plethora of risks. Student accident coverage can be customized to the unique needs of your institution and protect your student population from risks in several areas:

**Athletic
Departments**

Field Trips

**School-Time
Accidents**

**Daycare/
Preschool**

A Team You Can Count On

When you work with RCM&D, you work with an extension of your team. Our special risk division comprises seasoned professionals keen on seeking out risks and helping you tackle them. Additionally, the RCM&D education practice carries years of experience in public and private education and understands the unique challenges in education today. With a team like this at your disposal, you can minimize your risk of an accident and know you're prepared in case one occurs.
